

SIXEN, BX, FX, GX e GXC steam generator without condensate recovery system layouts

Description:

- | | | |
|-------------------------------|----------------------------|-----------------------------------|
| 1. Steam boiler | 9. Boiler pumps | 17. Boiler drain |
| 2. Smoke box | 10. Aerator | 18. Safety valve drain |
| 3. Steam flow | 11. Water supply | 19. Direct use with steam to lose |
| 4. Burner | 12. Filter | 20. Deaerator steam supply |
| 5. Electrical panel. | 13. Water softening system | 21. Steam collector |
| 6. Pressure gages | 14. Aerator | 22. Condensate discharge |
| 7. Safety valves | 15. Tank drain | 23. Dosing pump |
| 8. Electric pump power supply | 16. Level indicator drain | |
