

SIXEN, BX, FX, GX e GXC steam generator with condensate recovery system layouts

Description:

- | | | |
|----------------------|--------------------------------|--|
| 1. Steam boiler | 9. Condensate return | 17. Condensate tank drain |
| 2. Smoke box | 10. Pump power supply | 18. Level indicator drain |
| 3. Steam Stop Valve | 11. Supply pumps | 19. Boiler drain |
| 4. Burner | 12. Condensate collection tank | 20. Safety valve drain |
| 5. Electrical panel. | 13. Water supply | 21. Condensate discharge |
| 6. Pressure gages | 14. Filter | 22. Dosing pump |
| 7. Safety valves | 15. Water softening system | 23. Use: industrial d.h.w water heater |
| 8. Balancing valve | 16. Aerator | |
